Address : Department of Biochemistry, Enam Medical College, Savar, Dhaka
City/Zipcode : Dhaka / 1340
State : Na
Country : Bangladesh
PhoneNo : 01552479546
Mobile No : 01552479546

Abstract Information

Abstract Title : Journal Poster Presentation: Journal of Enam Medical College
Abstract :

**Background**
WAME Meeting in New Delhi on October 2-4, 2015 is a great congregation of journal editors from the whole world. It will be worthy and interesting to present the journals of editors attending WAME Meeting.

**Methods**
We have gone through all the issues of Journal of Enam Medical College published since January 2011. We followed the trajectory of the journals to its present esteemed position and made this abstract.

**Results**
The Journal of Enam Medical College is a peer-reviewed journal and published three times a year - January, May and September. It is published in both print and electronic forms having both print
and electronic ISSNs. The Journal is recognized by Bangladesh Medical and Dental Council (BMDC) which is the highest statutory government organization to ensure the quality of medical education and medical services in the country. The Editor-in-Chief of this journal is a non-practicing professor having the highest academic degrees (FCPS and MD) obtained in the country. Editors of the journal are Associate Professors in Enam Medical College, Savar, Dhaka and they are renowned and talented in their respective fields. Author Aid is provided to increase the quality of the paper and to enrich the authors.

One editorial, six original articles, one review article, two case reports and images in clinical medicine are published in each issue. The journal is visible in BanglaJOL website and indexed in some databases like DOAJ, DRJI etc, but yet to be indexed in SCOPUS and MEDLINE database. Very soon the journal will be submitted to these databases.

Conclusion

Publication of Journal of Enam Medical College is stimulating the medical community, especially the young medical scientists to generate more knowledge in this field. We are hopeful to further heighten the standard of this journal.
