Journal Poster Abstract : **Mission and Vision**

The IJOEM is a peer-reviewed quarterly publication which will publish articles relevant to epidemiology, prevention, diagnosis, and management of occupational and environmental diseases. It will also cover work-related injury and illness, accident and illness prevention, health promotion, health education, the establishment and implementation of health and safety standards, monitoring of the work environment, and the management of recognized hazards. The Journal is open access but will not charge authors for publication and have a rapid peer review system. Color

photos, when necessary, will be published at no charges.
